

WHO WE ARE ...

reSHIFT RENOVOATIONS
remodel. redesign. revive.

We are a fun-loving, husband & wife team and DESIGN-BUILD company whose passion is combining our experienced skill sets of **design**, **custom building**, and **project management** to the real estate industry. We believe that having a vision for what a space *'could be'* is one of the most important parts of what we do!

Not only do we love working directly on projects together as a team, but we really enjoy stretching and (re)shifting each others minds to see beyond what is right in front of us. This is how the concept of **reSHIFT renovations** was born. We see value in finding homes that may often need a 2nd or even 3rd chance for remodel and redesign, so we can *revive* the life back into them! But in some cases, the magic simply comes from adding in the beautiful, razzle-dazzle & sparkly upgrades to a certain space with custom designs thru **Sean Thompson Builds** as well.
